

I-Reach 2nd Missionary Journey

Berardelli Family 2007
8-27-07

On our last trip to Anyanna (2006) we brought Food, Gifts, Live stock, seed and Fertilizer. God blessed far beyond our anticipation. What a joy; upon returning not only to see the substance increase but the solid preaching that resulted in believers, with very little, bringing back their first fruits to the church. The very poor brought tears to all our eyes when we witnessed them giving, out of their poverty, small sacks of beans and guinea pigs.

During our trip to Peru (2007) we were able to assess the needs of Anyanna a village with a growing number of believers in Christ. The field between the 2 buildings is the site for the Irrigation that will be used by Anyanna and surrounding villages, over high mountains. It has been approximately 20 years since our brothers and sisters in Christ have had a normal life and many of you through the Change a Life Ministry and other giving are making a difference.

Thank You Euto for making this possible! Your gifts of Money, DVD players, Irrigation projects have given these people HOPE. God is using us to develop an extension of the bible belt of North Carolina into the Andes of Peru for Christ.

The Berardelli Family

PS: Look forward to the Pantry Ministry, soon to start, Sunday mornings. This is an opportunity to build relationships at Euto and Lives in Peru.
